Real robot — complete recorded trace
pd_observe

Estimated pitch [deg]

Time since first logged sample [s]

Pitch angular velocity [deg/s]

Time since first logged sample [s]

Odometry position [m]

Not recorded

Time since first logged sample [s]

Odometry velocity [m/s]

Not recorded

Time since first logged sample [s]

Estimated yaw [rad]

Not recorded

Time since first logged sample [s]

Estimated yaw rate [rad/s]

Not recorded

Time since first logged sample [s]

Applied left PWM [%]

Time since first logged sample [s]

Applied right PWM [%]

Time since first logged sample [s]
